Mr. H. F. Barr  
Vice President  
General Motors Technical Center  
Warren, Michigan 48090

Dear Mr. Barr:

Thank you for your letter of November 13, 1967, in which approval of a dynamic inertia load test procedure, as set forth in paragraph S4.3 of Federal Motor Vehicle Safety Standard 206, was requested.

This is to advise that the proposed procedure, as outlined in the enclosure to the referenced letter, is approved for the transverse inertia load portion of the standard test requirements.

Thank you for your continued cooperation in achievement of our mutual goals in motor vehicle safety.

Sincerely,

  
William Haddon, Jr., M.D.  
Director
